

Chorus:

It is the Love
When her part of me is more
Than half
And I can't live without Her

Do tell me the only truth!
I know, you love me, be who are
you
The only path exists:
So, Love or Death - and nothing
more

But in the end of way
I understand: remains nothing
And so my Love to You
Was only true thing

Lyrics:

In front of my death
She said to me
I would remember only Thou, my
P.
Thou are my first and very strong
Love
Thou are my first adore
But it is cannot being more

And she has gone and been with
boy
And I've begun to fight for Love

But next week's night
I've lied beside
And so I've said:
"Thou are the only Love of mine
And I will die without Thou"
That was the Last Time,
When you've said "I love thou"
But never it can be, just no

And was the ball
And I cut up my hair
And I invite Her for a dance

I drifted toward Her:
"Tori, say the only truth -
Say that you love me"
And for a briefly moment
It seemed to me that
Something flashed into Her eyes
But she disturbed almost nothing:
"My love is only friendly-love"

"For my heart's Queen Victoria"
I've summoned for a duel
That fucking guy
He did come and I had
Killed him

And on the eyes of Her
And whole the crowd, I've climbed
Up the highest bench
And jumped off...

How exiting falling was.. and
I never will forget Her
And She, I know, will never do
Then, darkness fell
